

A full-page background image showing a bride and groom dancing joyfully outdoors. The bride is wearing a white lace wedding dress and has her arms raised. The groom is wearing a teal suit and a white shirt with a bow tie, also with his arms raised. They are in front of a wooden building with large windows. The overall mood is romantic and celebratory.

STUCK IN LOVE FILMS

WELCOME

OUR PHILOSOPHY

We dedicate ourselves to capturing pure candid moments throughout your special day. We don't stage or get in your way; we're simply there to get the real moments as they happen. We want your day to be stress free and happy.

We capture first looks, first touches, rehearsal dinners, and much more. Every moment is important to us. Our main concerns are your satisfaction and quality. We work with the best cameras, videography equipment, and technology available in order to make your wedding day look like it belongs in a Hollywood movie.

HEY THERE!

I'M SEAN, the owner and head filmmaker of Stuck In Love Films. It's good to meet you! Well, virtually meet you. I adore being able to share in the love of two individuals and feel blessed to get to work with such amazing people everyday! No wedding is the same to me, and I love being a part of telling your unique love story. After graduating from the University of North Carolina at Greensboro with a degree Media Studies, I filmed my first

wedding in 2013, and just absolutely fell in love with the craft. I started my own company and never looked back. There is just something so special about being able to capture those candid moments on such a special day that I love being a part of. It has been a long journey to where I am now, but I could not be more thankful for what Stuck In Love Films is today. We are not just videographers, we are filmmakers here to turn your day into a movie.
